## **Eighth International Symposium on Frontiers in Life Sciences** ***New Advances and Challenges in Multidisciplinary Research*** **25–28 August 2010, YinChuan, China**

### **ORGANIZERS:**

The Chinese University of Hong Kong  
Ningxia Medical University

### **CO-ORGANIZERS:**

Basic Medical College of Ningxia Medical College  
Epithelial Cell Biology Research Center, The Chinese University of  
Hong Kong  
Affiliated Hospital of Ningxia Medical University  
Key Laboratory of Brain Disease of Ningxia Hui Autonomous Region  
Key Laboratory of Fecundity Preservation of Ningxia Province and  
Ministry of Education  
Key Laboratory of Reproduction and Heredity of Ningxia Hui  
Autonomous Region  
Ningxia Society for Anatomical Sciences  
Ningxia Science and Technology Department  
Ningxia Society for Science and Technology  
Center of Scientific Technology of Ningxia Medical University  
Ningxia Stem Cells Institute  
Sichuan University-The Chinese University of Hong Kong Joint  
Laboratory for Reproductive Medicine, West China Second  
University Hospital

### **ORGANIZING COMMITTEE:**

#### ***Chairs:***

Tao SUN (Ningxia Medical University)  
Hsiao Chang CHAN (Epithelial Cell Biology Research Center, The  
Chinese University of Hong Kong)

#### ***Vice-Chairs:***

Jianzhong ZHANG (Ningxia Medical University)  
Yinxue YANG (Affiliated Hospital of Ningxia Medical University)  
Yanrong WANG (Basic Medical College of Ningxia Medical University)

#### ***Members:***

Xiao Song GU (Nantong University)  
Ying XING (Xinxiang Medical College)  
Jun Xia XIE (Qing Dao University)  
Ya CAO (Central South University)  
Ting Yu LI (Chongqing University of Medical Sciences)  
Yue Sheng HUANG (Burn Institute of the Third Military  
Medical University)  
Jie Ying GAO (Academy of Military Medical Sciences)  
Yun Fei XIA (Sun Yat-Sen University)  
Wen Liang ZHOU (School of Life Science, Sun Yat-Sen University)  
Jin Xia ZHU (Capital University of Medical Science, Beijing)  
Wei ZOU (Liaoning Normal University)  
Jian Li JIANG (The Fourth Military Medical University)  
Tak Wah WONG (Cheng Kung University, Taiwan)  
Jun Ping LIU (Monash University, Australia)

### **THEMES:**

(1)	Epithelial function and related diseases	S1–S7
(2)	Reproductive health and related disease	S8–15
(3)	Neuroscience and neuro-diseases	S16–S26
(4)	Aging and degenerative diseases	S27–S29
(5)	Cardiovascular diseases and treatment	S30–S35
(6)	Stem cell research and injury repair	S36–S43
(7)	Carcinogenesis, diagnosis and treatment	S44–S56
(8)	Infection and immune defense	S57–S63
(9)	Others	S64–S75
